Brand New Book ***** Print on Demand *****.Excerpt from Maternity Without Suffering Is there a need for such books as this? This question is answered when we consider the multitude of young wives who come to wifehood and motherhood wholly untaught, and who lament their ignorance. A fine illustration of this was witnessed in one of our best known higher institutions of learning. Several young women from the senior class, who expected to marry as soon as they were out of college, interviewed a loved and trusted teacher, and said to her: Why are we not taught, among all the branches which occupy our time for four years, something which will fit us for the high responsibilities of wifehood and motherhood? Why are these things so neglected for studies that can never be of the practical value to us that knowledge along these lines would be?
