KILLING TIME IN THE RETIREMENT HOME

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.Killing Time in the Retirement Home Fairview Manor, a continuing care retirement community in the Washington, DC suburbs, seems like a place where old folks can live out their final days in a peaceful environment. The Manor is certainly not a place where you would expect to find two residents each plotting a murder - of the same victim -- each without knowledge of the other s murderous intention. Two Manor residents take special note when a man moves into the Manor, a man who made his fortune as a ruthless business pirate. They start to ponder ways to get even with this man who ruined people and businesses that were close to them. There s much planning involved as novices like our two residents think about a murder. Once the decision to do it is made many details have to be thought out. How should it be done - knife, push, poison? What can be done to avoid a trace back to you? It is not easy for a nice old person to get away with murder. Life in a modern retirement home is not all reading, napping or playing cards while waiting for meals, as shown on the cover illustration. There are many activities, good friends, good food and a caring community. Life can be much like being on a cruise -- musical performances, lectures, exercise rooms and classes, art exhibits and swimming pools plus reading and card playing. Retirement life is good!.
