Ohio University Press, United States, 2016. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. The Jerrie Mock Story is the rewarding tale of a feisty woman who not only followed her dream, but made it happen. - Dorothy S. Cochrane, curator, Smithsonian National Air and Space Museum In this biography for middle-grade readers, Nancy Roe Pimm tells the story of Geraldine Jerrie Mock, the first woman to fly solo around the world. In her trusty Cessna, The Spirit of Columbus-also known as Charlie-she traveled from Columbus, Ohio, on an eastward route that totaled nearly twenty-three thousand miles and took almost a month. Overcoming wind, ice, mechanical problems, and maybe even sabotage, Mock persevered. Mock caught the aviation bug at seven years old, when she rode in a Ford Trimotor plane with her parents. In high school, she displayed a talent for math and science, and she was the only woman in her aeronautical engineering classes at Ohio State University. Although she then settled into domestic life, she never lost her interest in flying. What began as a joking suggestion from her husband to fly around the world prompted her to pursue her childhood dream. But the dream became a race, as another woman, Joan Merriam Smith, also sought to be the first to circle the globe. Even though Mock beat Smith and accomplished what her heroine Amelia Earhart had died trying to do, her feat was overshadowed by the Vietnam War and other world events. Now, Pimm introduces Mock to a new generation of adventurers.
