Cody)* As there is no man living who is more thoroughly competent to write a book of the Wild West than my life-long friend and benefactor in my boyhood, Alexander Majors, there is no one to whose truthful words I would rather accept the honor of writing a preface. An introduction to a book of Mountain and Plain by Mr. Majors certainly need hardly be written, unless it be to refer to the author in a way that his extreme modesty will not permit him to speak of himself, for he is not given to sounding his own praise, being a man of action rather than words, and yet whose life has its recollections of seventy years upon the frontier, dating to a period that tried men's souls to the fullest extent, and when daring deeds and thrilling adventures were of every-day occurrence. Remembrance of seventy years of life in the Far West and amid the Rocky Mountains! What a world of thought this gives rise to, when we recall that a quarter of a century ago there was not a railroad west of the Missouri River, and every pound of freight, every emigrant, every letter, and every message had to be carried by wagon or on horseback, and at the risk of life and hardships untold.
