LOVE AND MODERN MEDICINE: STORIES

Mariner Books. Paperback. Book Condition: New. Paperback. 182 pages. Dimensions: 8.1in. x 5.5in. x 0.5in. The New York Times has described Perri Klass's short stories as subtly astonishing and very funny. Klass writes stories that sound true. She's a medical school graduate, a passionate traveler, a mother, a writer. Her preoccupations come forth in her stories. She has plenty to say about love in a science-drunk world, how the brain works, and the heart. And how the sparks fly when the two collide. Sparks fly again in her new collection, *LOVE AND MODERN MEDICINE*, a literary tapestry of the beauties and terrors of contemporary domesticity. Instantly recognizable, the appealing characters in these stories are the able sort who can cope with any crisis at work but are often undone by the complexities of life at home. They are parents, doctors, patients, friends, and lovers, who encounter one another in sickness and in health, for better or for worse, in a world in which professional expertise -- even the finest medical expertise -- cannot always ward off threats to everyday happiness. In *Freedom Fighter*, a pregnant obstetrician steals a getaway weekend with an old friend among the outlet malls of northern New England. A fruit-fly geneticist in *The Trouble with Sophie* struggles to contend with her daughter's jargon-spouting kindergarten teacher. In *Intimacy*, a high school biology teacher, exhausted by new motherhood, listens bleary-eyed to the details of her coworkers' intimacy counseling with her latest boyfriend. And in *Necessary Risks*, an anesthesiologist balks at spending two weeks alone with her energetic and precocious four-year-old. Including three O. Henry Award -- winning stories, *LOVE AND MODERN MEDICINE* is full of small wonders and large satisfactions. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
