What do you do when you have a degree in theology, the only work experience you have is looking after a church, you have a family to provide for, and circumstances compel you to find some other way of earning a living for a while? This is the question Paul was faced with, as he explains in his book, *The Collar and the Cab*. In this personal autobiography, Paul explains how he decided to swap the clerical collar for a cab, and discovered an entire world he never knew existed. In this honest insight into his life, Paul shows how bravely crossing this cultural chasm, to experience life in a setting away from his former clergyman lifestyle, was like living on a different planet. This book will appeal to fans who enjoy gaining a true insight into a person's life. Although this is not a religious book, Paul hopes that the church community will read it and learn something useful from his story. *The Collar and the Cab* is a book for anyone who has ever been curious about what the life of a cabbie is really like and are interested in how the taxi industry works.
